

Candidate Overview Form

Committee:

Executive Committee

Position:

President Elect

Name of Candidate:

Amy Feldman, MD PhD

Experience in Pediatric Liver Transplantation:

I have been an attending transplant hepatologist at Children's Hospital Colorado (CHCO) for 10 years. I have served as the Medical Director of the CHCO Liver Transplant Program for 3 years and have served as the Program Director of the CHCO Transplant Fellowship for the last 7 years.

Experience in Clinical Research:

I have a PhD in Clinical Sciences and have been a transplant health outcomes researcher for 10 years. My early focus was on immunizations in the transplant population. My current focus is on living donor transplant. I have received funding from SPLIT, CHCO, NIH, AHRQ, NASPGHAN. I will finish my K-award

Role at Transplant Center

in Aug and my NASPGHAN Mid-Career foundation grant goes until Dec 2025..

PI Co-Investigator Coordinator Other:

Time in Role: 2 years _____

Committee Working Group Membership:

No Yes, specify:

Prior: SPLIT Education Committee, Physician Head 2019-2022

Current: SPLIT Advocacy Committee

SPLIT Presentations (Annual Meeting, Professional Meeting):

No Yes, specify:

I have presented on live vaccines in the transplant population and transplant fellowship education at the SPLIT 2019 and 2020 SPLIT conferences. I have also presented transplant research at ATC, AASLD, AST webinars, transplant family webinars and multiple institutional pediatric and transplant grand rounds.

SPLIT Publications:

No Yes, specify:

Feldman et al, JAMA 2019; Elisofon, Feldman et al, Ped Transpl 2020, Kemme, Feldman, et al, Ped Trans 2020; Feldman et al, Ped Transp 2021; Valentino, Feldman et al, Liver Transpl 2022; McElroy, Feldman et al, Ped Transp 2023; Banc-Hsu, Feldman et al, Ped Transp 2023; Kortbeek, Feldman et al, J Pediatr 2023;

Other Experience:

Feldman et al, JAMA Open;

No Yes, specify:

Current AASLD Pediatric SIG at large steering committee member

Grants: AHRQ K08- vaccines in transplant (ends Aug); NASPGAH Mid Career Grant- cost comparison of LDLT vs DDLT (2 year grant)

Reason why you want to serve in this role:

Pediatric liver transplant is my clinical and research passion. I believe that SPLIT is critical to ensuring ongoing improvements in transplant outcomes and transplant equity. In my early career, SPLIT provided crucial education, mentorship, and grant support. I would like to ensure this continues for younger hepatologists, transplant surgeons, and allied health colleagues. I believe the next few years, as national changes potentially occur to the transplant system, a strong SPLIT voice to represent pediatric liver candidates will be of most importance. I would love to join the current executive members to ensure that we continue to advocate for and advance pediatric liver transplant.

12. TEACHING RECORD

Medical Student Teaching Record

2006-2010	Instructor, Introduction to Pediatric History and Physical Exam. University of Pennsylvania School of Medicine, Philadelphia, PA.
2011-2020	Preceptor, Hidden Curriculum Course. University of Colorado School of Medicine, Aurora, CO.
2011-2020	Preceptor, Professionalism Series. University of Colorado School of Medicine, Aurora, CO.
2012-2013	Instructor, Introduction to the Abdominal Physical Examination. University of Colorado School of Medicine, Aurora, CO.
2012-2018	Instructor, Introduction to the Pediatric Physical Examination, University of Colorado School of Medicine, Aurora, CO.
2016-2020	Instructor, Gastroenterology and Hepatology Cases, Children's Hospital Colorado

Resident Teaching Record

2014-2015	"Biliary Atresia" and "Acute Liver Failure" Noon Topic Conferences for Pediatric Residents at Ann & Robert H. Lurie Children's Hospital, Chicago IL.
2016- present	"Biliary Atresia", "Neonatal Cholestasis", "Elevated LFTs", "Acute Liver Failure" for Pediatric Residents at Children's Hospital Colorado
2016- 2019	Academic Half Day in Gastroenterology and Hepatology, Children's Hospital Colorado
2018- 2021	Escalation Curriculum Day for Pediatric Residents, Children's Hospital Colorado

Fellowship Teaching Record

2013-2014	"Biliary Atresia", "Acute Liver Failure", "Encephalopathy", "Post-Transplant Lymphoproliferative Disorder"- Topic Conferences, Lurie Children's Hospital Pediatric GI Fellowship Lecture Series
2014	"Pediatric Acute Liver Failure" Children's Hospital Colorado Pediatric Emergency Medicine Fellowship Lecture Series
2014-present	"Pediatric Acute Liver Failure", "Biliary Atresia", "Alagille Syndrome", "Gestational Alloimmune Liver Disease", "Metabolic Liver Disease", "Encephalopathy", "Post-Transplant Lymphoproliferative Disease", "PELD Liver Allocation System"- Topic Conferences, Children's Hospital Colorado Pediatric GI Fellowship Lecture Series
2016-present	"Gestational Alloimmune Liver Disease and Acute Liver Failure in the Neonate" and "Neonatal Cholestasis" Children's Hospital Colorado Pediatric NICU Fellowship Lecture Series
2017- present	Panelist for 2 nd Year Pediatric Fellow's Retreat, Children's Hospital Colorado
2020	Panelist for Fellow K Award Session, University of Colorado
2020	"Indications for Liver Transplantation"- Topic Conference, Children's Hospital Colorado Pediatric Anesthesia Fellowship Lecture

Nursing Teaching Record

2014	“Outcomes of Pediatric Liver Transplantation” Ann & Robert H. Lurie Children’s Hospital of Chicago PICU Nursing Conference
2014	“Pediatric Liver Disease, Acute Liver Failure and Liver Transplantation” University of Colorado Advanced Care Nurse Practitioner Program
2016	“Medical and Surgical Management of Hepatology Emergencies Seen in the PICU.” Children’s Hospital Colorado PICU Quarterly Nursing Education Series
2018	“Acute Liver Failure.” Children’s Hospital Colorado PICU Quarterly Nursing Education Series

Ward/Clinic Attending Duties

2014-present	Supervision and bedside teaching of medical students, pediatric residents, pediatric gastroenterology fellows in Gastroenterology/Hepatology/Liver Transplant Outpatient Clinics (9 hours/week)
2014-present	Supervision and bedside teaching of medical students, pediatric residents, pediatric gastroenterology fellows on the Hepatology/Liver Transplant Inpatient Ward Service (6-10 weeks/year)
2014-present	Supervision of pediatric gastroenterology/hepatology fellows performing gastroenterology/hepatology procedures (5 hours/month)

Administrative Positions/Accomplishments

2015-2017	Director of Pediatric Gastroenterology, Hepatology, and Nutrition Fellowship Educational Conferences, Children’s Hospital Colorado,
2017- present	Program Director for the Pediatric Advanced Hepatology and Liver Transplant Fellowship
2021- present	Medical Director of the Pediatric Liver Transplant Center, Children’s Hospital Colorado

Course and syllabi development

2021-2022	Transplant hepatology EPA
2021-2022	Syllabi for 4 th year transplant hepatology fellowship national zoom lecture series

13. GRANT SUPPORT

Active/Future Grant Support

1. Grant: K08 HS026510-01A1

Funding Agency: Agency for Healthcare Research and Quality

Title: Improving Immunization Rates in Transplant Candidates Through the Use of a Health Information Technology Tool

Principal Investigator: Amy Feldman, MD MSCS

Role: Principal Investigator

Grant Amount: Direct Costs Year 1: \$137,536; Total Costs Year 1: \$148,539

Percent Effort: 75%

Dates: Aug 1, 2019- July 31, 2024

Description: The goal of this project is to understand barriers to immunization of pediatric solid

organ transplant candidates (heart, liver and kidney) and develop/pilot a mobile health information technology tool to address and overcome these barriers.

2. Grant: NASPGHAN Foundation Mid-Level Career Development Award

Funding Agency: North American Society for Pediatric Gastroenterology, Hepatology and Nutrition

Title:

Principal Investigator: Amy Feldman, MD MSCS

Role: Principal Investigator

Grant Amount: Direct Costs: \$50,000/yr X 2 years

Percent Effort: 20%

Dates: August 1, 2024- December 14, 2025

Completed Grant Support

1. Grant: T32 DK067009-07 Fellowship Training Grant, University of Colorado

Funding Agency: NIH

Title: Role of B Cells in Biliary Atresia

PI: Ronald Sokol MD

Role: Fellow

Grant Amount: \$426,012

Dates: July 1, 2011-June 30, 2013

Description: The goal of this project was to understand the role of B cells in the pathogenesis of biliary atresia, the leading indication for pediatric liver transplantation

2. Grant: Cystic Fibrosis Foundation Clinical Fellowship Grant

Funding Agency: Cystic Fibrosis Foundation

PI: Michael Narkewicz, MD

Role: Fellow

Grant Amount: Year 1: \$62,000, Year 2: \$67,000

Dates: July 1, 2010-June 30, 2011

3. Grant: Research Scholar Award

Funding Agency: Children's Hospital Colorado Research Institute

Title: Establishing a Foundation to Develop a Mobile-Health Tool to Increase Immunization Rates in Pediatric Liver Transplant Candidates

PI: Amy Feldman, MD MSCS

Role: Principal Investigator

Grant Amount: Direct Costs Year 1: \$100,000

Percent Effort: 50%

Dates: July 1, 2017- June 30, 2019

Description: The goal of this project was to identify barriers to immunization of pediatric liver transplant candidates and explore feasibility/acceptability/usability of an immunization mobile-health device through in-depth semi-structured interviews of all key liver transplant stakeholders at three large pediatric liver transplant centers

4. Grant: Research Pilot Award

Funding Agency: Society of Pediatric Liver Transplantation

Title: “Immunization Rates at the Time of Pediatric Liver Transplantation”

PI: Amy Feldman, MD MSCS

Role: Principal Investigator

Grant Amount: Direct Costs Year 1: \$1000

Dates: April 15, 2017-April 14, 2019

Description: The goal of this project was to quantify the number of pediatric liver transplant recipients who were up-to-date on age appropriate immunizations at the time of liver transplant over a 1-year period

5. Grant: KL2 TR002534

Funding Agency: NCATS/NIH

Title: Improving Immunization Rates in Transplant Candidates Through the Use of a Health Information Technology Tool

Principal Investigator: Amy Feldman, MD

Role: Principal Investigator

Grant Amount: Direct Costs Year 1: \$106,750

Percent Effort: 75%

Dates: Nov 1, 2018- July 31, 2019

Description: The goal of this project was to understand barriers to immunization of pediatric liver transplant candidates and develop/pilot a mobile health information technology tool to address and overcome these barriers.

6. Grant: AST Clinical Science Fellowship Research Grant

Funding Agency: American Society of Transplantation

Title: Immune Response and Clearance of Viral DNA and RNA Following Administration of Live Attenuated Varicella and Measles Vaccines in Children with Liver Disease

Principal Investigator: Sarah Kemme, MD

Role: Primary Mentor

Grant Amount: \$50,000

Dates: July 1, 2021- June 30, 2022

Description: The goals of this project are to 1) determine the time at which varicella and measles virus become undetectable in the blood after immunization in children with chronic liver disease as well as 2) compare the magnitude of humoral and cellular mediated immune responses to immunization with live attenuated vaccines in children with chronic liver disease compared to healthy controls
